

Write your star word here:

Do you know what your word means? If you don't, who could you ask to help you figure it out?

When you think of your word, what picture pops into your head? Draw the picture in the box below.

Here are some ways you could use your word to pray this year:

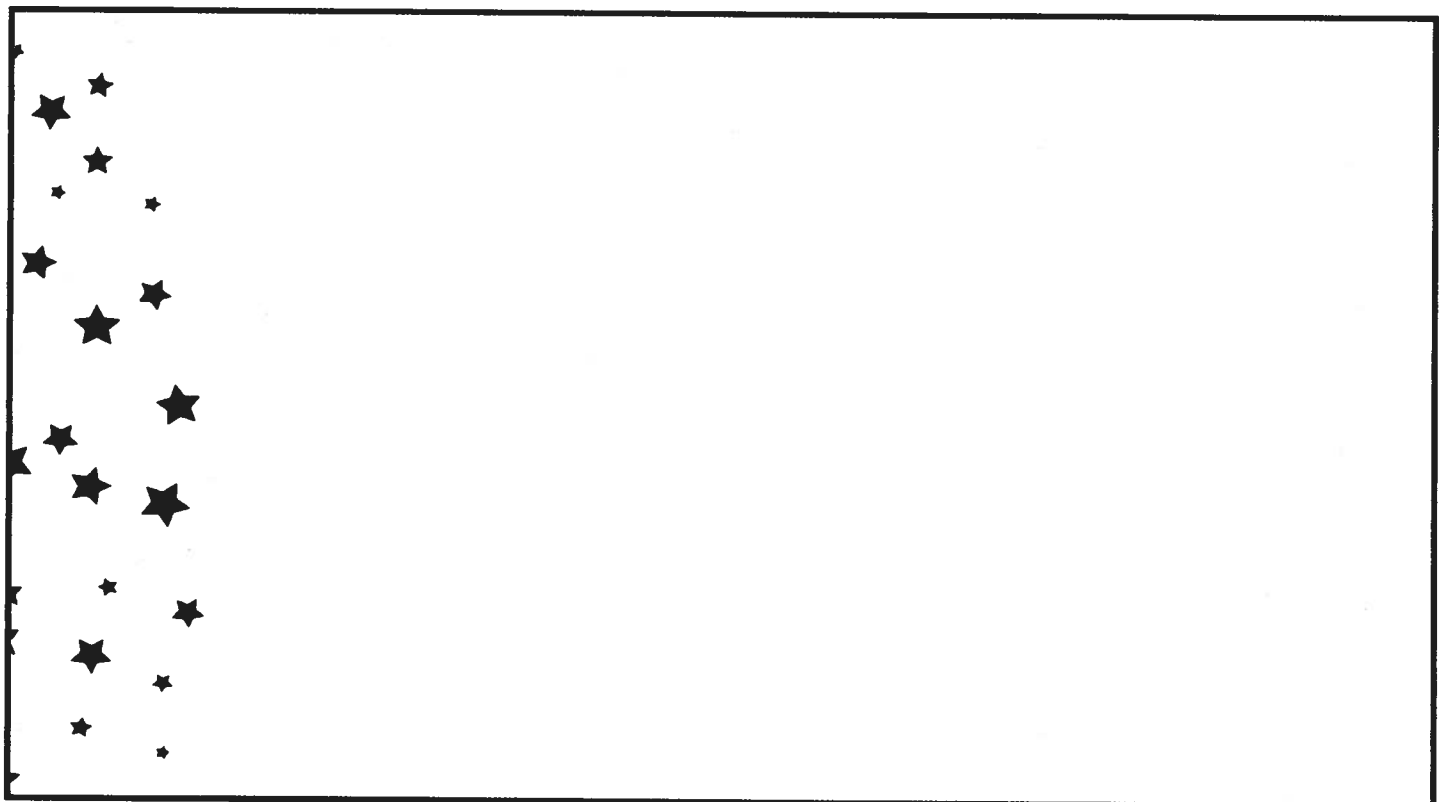

God, please teach me about \_\_\_(my word)\_\_\_.

What do you want me to know about my word?

Thank you for giving me feelings to help me understand my word.

Thank you for leading me in how to use my word in my life.

**Remember**, God speaks to us in lots of ways, little ways like feelings and knowings, and big ways like through the people around us, our families, and our church family. Our job is to always be listening.
